

CSC Digital Brand Services AB (including its affiliates Melbourne IT DBS) is a contracted Registrar of .SE (The Internet Infrastructure Foundation), responsible for the Internet top-level domain for Sweden, .se. Together with .SE, CSC Digital Brand Services AB works for a positive development of the Internet in Sweden, for the good of users and society in general. Satisfied domain name holders, whether they are large corporations or individual consumers, is our common objective.

.SE General Conditions

By clicking this link: http://www.iis.se/docs/Registreringsvillkor_eng.pdf, you will be directed to .SEs General Conditions for the registration of .se domain names.

Services and Prices for the Registration of Domain Names by CSC Digital Brand Services AB

The total cost for a domain name registered through CSC will be the NIC fee of 13 USD plus an administrative fee. Admin fees are variable by customer and are based on term and volume commitment. Our contact information is listed below, if you would like to speak with one of our consultants regarding your global domain registration needs or our volume pricing discounts.

Information on the Management of Personal Data

CSC Digital Brand Services AB handles personal information in a manner that is in accordance with the Swedish Personal Data Act (1998:204) and .SE's integrity policy
