CSC CME offers debt-focused administration services to institutional clients, to include corporate administration, trustee, agency, and outsourcing services. CSC CME does not consider that these administrative services are in a high-risk category for slavery and human trafficking. That said, CSC CME will be looking to investigate other areas in its supply processes for any suspected activity which could be deemed to be "slavery" or "human trafficking" and will update this statement accordingly. CSC does however ensure that it undertakes the following:

- Complies with all national employment legislation in the territories where CSC operates;
- Ensures that correct employment procedures are implemented such that employees have a safe environment in which to work; and
- Operates a notification procedure for employees who consider that their specific wellbeing, or that of CSC, is compromised.
